

Anshuman Awasthi

MTech(Computer Science)

Indian Institute of Information Technology Lucknow

Mob: +91 7068311271

Email: mcs23026@iiitl.ac.in

Degree	University/Board	CGPA/%/
MTech (Computer Science)	IIIT Lucknow	Pursuing
BE (Computer Science and Engineering)	Visvesvaraya Technological University	6.92
Intermediate/+2	CBSE	77.6
High School	CBSE	9

ACHIEVEMENTS

- Contributor at **Scala Center** in **Google Summer of Code 2025** [2025]
- Secured **All India Rank 79** in JEST (Theoretical Computer Science) [2023]
- Secured **All India Rank 5322** in GATE (Data Science & Artificial Intelligence) [2024]

SKILLS & COMPETENCIES

- Programming Languages:** Rust, Python, C, SQL
- Tools & Libraries:** NumPy, Pandas, Matplotlib, sns, Tensorflow, Keras, Scikit Learn, NLTK, \LaTeX
- Mathematics:** Linear Algebra, Probability, Statistics
- Miscellaneous:** XHTML, CSS, JavaScript, Git, Linux, Generative AI.

RELEVANT COURSES

- Advanced Algorithms | Data Mining & Warehousing | Natural Language Processing | Soft Computing | Optimization Techniques** [IIITL]
- Deep Learning Specialization | NLP Specialization | Tensorflow Developer | MLOps Specialization** [Coursera]

PROJECTS

- Saaransh The Summarizer | Link** [Feb'24]
 - Summarizes based on a list of keywords.
- URLsummarizer | Link**
 - Summarizes any web page(preferably text dominant)given input URL.
- Textbook Content Extraction and RAG System | Link** [Jul'2024]
 - A Retrieval Augmented Generation (RAG) system for answering questions based on the retrieved content from Text-books.
- Others**
 - News Articles search, Summarise, Email Format using Tool Use(Agentic workflow).
 - Sentiment Analysis

INTERNSHIPS

- AI/ML Intern:** DoShare
 - Work on Backend and Cloud Desktop App's AI functionalities.
- Data Science Intern:** TS Foundation
- Machine Learning Engineer:** Omdena

POSITIONS OF RESPONSIBILITY

- Teaching Assistant | IIIT Lucknow** [Aug'23-Jun'24]
 - Responsible for creating questions, correcting answer sheets.
